Me too. Let me know if he agrees to participate. It would be nice to send Alex an invitation as well...

I do think Peter should be in attendance since he completed the RAP for this project.

Thanks for the clarification. If there is not a need for Stan to participate, please confirm that he is attending on his own time and will not be billing EPA and subsequently AR for his participation.

Since this is an EPA organized workshop, do you feel the need for the State to participate?

Thanks Jackie! Pam's last name is Johns. AR will have several people present to man the display boards. I will not have names for a couple of weeks. I am not sure it is that critical that each has a name tag. If critical, we will have to make them closer to the date of the meeting.

Have you communicated with the State regarding participation at the meeting? No, I have not. They did not come to the last two CAG meetings and have been radio silent about this workshop. I just wanted them available if they come. What will Tammy's role be? Tammy and Anita Bonifacio, EPA will man the sign-in table to help attendees with meeting information, etc.

What is Stan's role at the meeting? He always comes, so I wanted to have a name tag for him.

Importance: High

Dear Chris and Lynn: Here are the people I plan to make name tags for the meeting. Anymore to add, let me know ASAP. My graphics person is going on vacation the week before the meeting, and I need to get stuff to her before she takes off. FYI, J
